## THE LATEST NEWS

### Part Numbering System

If you use the official Innovative Technology part numbers when ordering spares please note that with immediate effect our standard part numbering system has changed. All ITL parts now comprise of a 7 digit part number.

For example in the case of the NV10 USB standard bezel PA231 the new part number is now PA00231. Spare parts are available from your local office or via the ITL Webshop.

### BACTA Membership

We are pleased to announce our membership of BACTA. Membership confirms our commitment to the UK Amusement Industry and we will look to be an active member of the organisation, relishing the opportunity of helping to strengthen and shape the future of the UK industry.
